OUR PREFERRED FUTURE, TODAY
2015 ANNUAL GIVING
We aspire for every boy to live with meaning and purpose in all corners of the globe. We educate every boy to demonstrate leadership and virtuousness – the highest aspirations of human kind.

We are uncompromising in our vision for St Peter’s College to be at the forefront of education and equip our boys to live full and purposeful lives. Annual Giving is a chance for the whole School Community to make a gift, within their means, to help bring that vision to life now.

The generosity of our donors in supporting the many areas in this brochure continues to impact a new generation of Saints boys, both now and in the future.

Simon Murray
Headmaster
Building Fund

The Historic Buildings of St Peter’s College are more than just bricks and mortar – every gift made to the Building Fund helps to transform our traditional buildings and classrooms into a more open learning and teaching environment that allows boys to feel safe to be themselves, to value their individual uniqueness and give them the confidence to express themselves.

Support for the Building Fund last year enabled the Miller Library redevelopment as well as assisting in the refurbishment of the Pentreath Building as part of our Middle Schooling redevelopment.

With work continuing on the Middle Schooling project as well as a number of classroom upgrades throughout the Junior and Senior School, your support of the Building Fund will enable us to continue shaping our buildings to more closely link the education of children with the way young adults learn.

Endowment Fund

The buildings and facilities mentioned previously underpin the future of a great education for our boys. Being a true educational leader, however, relies on our ability to seize opportunities as they arise. But being a nimble, flexible and responsive school relies on financial security, which is why our Endowment Fund is so important.

Teaching resources, ‘topping up’ prize trust funds, our globally-recognised Positive Education and Wellbeing program, immediate repair of significant buildings and urgent needs-based bursaries are just a few examples of what the Endowment Fund makes possible.

Together with prudent governance and financial investment, strengthening the Endowment Fund is an essential tool to enable us to weather uncertain financial conditions and decrease our reliance on both government funding and school fee increases.

(Gifts to the Building Fund are tax deductible)

(Gifts to the Endowment Fund are not tax deductible)
The City of Adelaide, South Australia and St Peter’s College have grown together. Over their history Saints’ alumni have influenced the city and, indeed, the world in arts, business, farming sciences, medicine, philanthropy and politics. Ours is a truly distinguished history of which our students, staff, parents and Alumni should be proud.

Celebrating the past can positively impact on the future of our boys. We know the inspirational effect that can be had by a boy in the Junior School, when they see what those who went before them have achieved. We have already begun to tell these stories through the development of Athelney House into a Museum with support through Annual Giving, but there is more to be done.

Further work is required to develop our Archive storage in Athelney House as well as a number of new sites to celebrate and display Saints history and academic achievements.

Scholarship Fund

Whilst fees at Saints represent extraordinary value for money they remain out of reach for many. At any one time almost 10% of boys at the School are in receipt of a Scholarship or Bursary.

But we want to do more.

The first recipient of the Foundation (means tested) Scholarship started at the School in 2015 and this was made possible by the generous support of Annual Giving in 2014.

Whether awarded to high-achieving current students or to students just joining the School community, scholarships create an environment that celebrates achievement across a range of disciplines and a culture that values aspiration and leadership. Each year, with more students losing out on scholarships than receiving them, it is clear that need within the community exceeds our current provision. Your support will help us in our goal to add a further 20 places to deserving students.

**Library Fund**

A Library is not merely a collection of books. It is a learning space equipped with treasures of knowledge to educate, inspire and challenge the boys and young men of St Peter's College.

It is a place that equips boys with lifelong learning skills and both our Junior and Senior School libraries are at the heart of stimulating the imagination of our boys.

Your support of the Library Fund will ensure that students have access to the latest available hardcopy and online learning and research tools.

(Gifts to the Library Fund are tax deductible)

**Your Past Support**

**Support of the School in 2014 amounted to $620,000***

*Includes $250,000 Bequest to Building Fund
