Charges will be: \$28 per student per week for 5 or less trips; \$57 per student per week for more than 5 trips.

Bus costs will be charged to your account at the end of each term.

## Bus Service Expectations

### Bus Service Responsibilities

Roundabout Charters adhere to contractual agreements with St Peter's College. Inappropriate, unacceptable or dangerous behaviour will be reported to both the parents and the School by the bus driver.

Students using the bus are held to exactly the same high level of expectation of behaviour as for when they are at School. The School bus has both Junior and Senior School boys, and all boys are entitled to be safe at all times.

Senior boys have a responsibility to look after the younger boys, and a condition of use for Senior boys is to agree to take part in a "Buddy System" whereby they are charged with assisting Junior School boys to be safe at all times.

The School reserves the right to temporarily suspend, or withdraw, the bus service from those students engaged in misconduct. In such instances the parents will be notified and no refund of the registration fee will be payable.

In serious cases of misconduct, the School may also impose additional disciplinary action under its Behaviour Management Policy.

### Roundabout Charter ensures that:

- the bus driver has undergone a full police check.
- the driver has been provided with written instructions and telephone contacts in the event of an emergency situation.
- the bus driver is equipped with mobile telephones so that he can be in contact with either emergency services, the School or parents.
- seat belts are fitted on the bus.
- passenger numbers are limited by the number of seats with seatbelts.
- no student is permitted to stand/sit in the aisle or double up on a seat.
- all school buses are inspected to ensure their road worthiness.
- if the bus breaks down, alternative arrangements will be made by the bus driver with regard to picking up/dropping off students. **Parents' assistance may be required in the event of this occurring.**

## Parent Responsibilities

Parents are asked that they be exemplary in their communication with both the School and Roundabout Charter regarding student travel.

The bus driver is not able to wait for students who are late, as this would cause other students on the bus to be late to School.

A parent or other nominated responsible adult is expected to meet each student at the designated bus stop. If alternative arrangements are required, you must contact the driver on the bus' mobile telephone.

If the bus is late arriving at the pickup/drop off point, parents are asked to wait 15 minutes after the due time before contacting the bus driver. Traffic delays can occur and affect the running times of the buses. After this time, please ring the bus to ascertain what is causing the delay and when the bus might be expected to arrive.

## Student Responsibilities

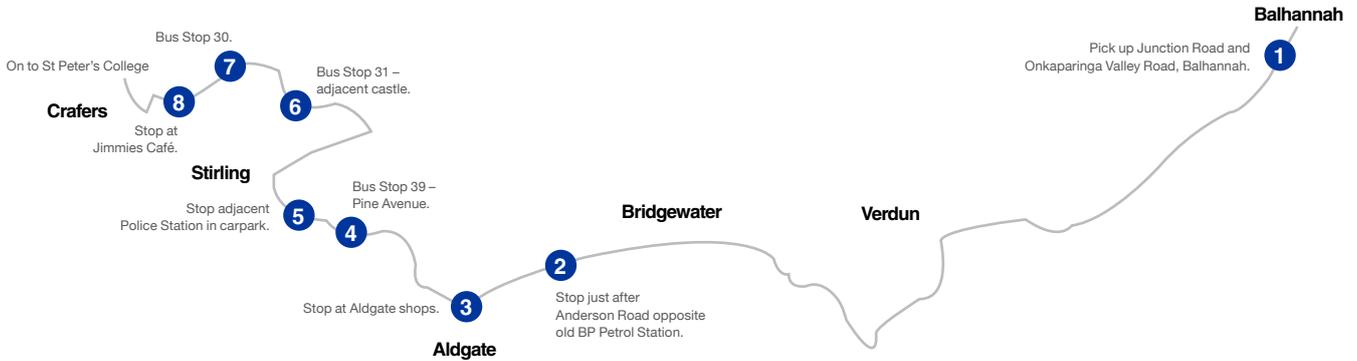

**Students attending the Early Learning Centre are not permitted to use the bus service.**

The School reserves the right to temporarily suspend, or withdraw the bus service from those students engaged in misconduct.

In such instances the parents will be notified and no refund of the registration fee will be payable.

## Bushfire Emergency

The bus service will not be provided on days designated as a catastrophic fire risk.

The School does not want any student or member of the school community to be placed at any risk from a bushfire.

All families from bushfire prone areas should have completed the bushfire emergency consent form. This outlines the School's emergency procedures in case of a bushfire in the area.

When the School becomes aware of a bushfire emergency arising during school hours, either through the Association of Independent Schools Office's monitoring system, or via official news releases from the National Disasters Organisation, the following action will be taken:

1. Students living in the affected areas will be kept at School. Meals and overnight accommodation will be provided as required.
2. Such students will be released only when, in the opinion of the School and emergency authorities, it is safe to do so.
3. Such students will only be released into the custody of a parent or nominated guardian and not to any other person.

In the event of an emergency, a communications headquarters will be set up at the School and will remain open until the emergency is over.

### Please note:

- (a) In such an emergency the Head of Senior School will call an emergency evacuation drill for the Senior School. When students are assembled on the Caterer and Wilson ovals, two master lists will be used to assemble students affected by the Bushfire policy. One master list will cover residential addresses in fire prone areas, the other will be drawn from information regarding routes used to travel home.
- (b) The Miller Library will be the emergency accommodation centre with assistance from School & Allen Boarding House for use of bathroom facilities. Maintenance staff will supply mattresses for overnight accommodation and all resident teachers will be allotted tasks by the Head of Senior School for supervision and support during the evening.
