ANZ Tennis Hot Shots

Reception to Year 2

ANZ Tennis Hot Shots is a fun way for children to learn how to play tennis. We use smaller courts, nets and racquets as well as low-compression balls because this makes learning easier.

The ANZ Tennis Hot Shots program teaches children to serve, rally and score and is designed for the early stages of tennis development. The lessons are semi-private with no more than four boys to one coach. This program is designed for the early stages of tennis development.

Group Coaching
